

Solar Power Development Business

We are always thinking to contribute to local society as the company which has been growing in here, Nagoya.

Our mission is that we use our skills and services which we have been brushing up for 40years as professional for future of everyone. We also do our best to improve ourselves.

Materials sale business

We have our own brand "EHJ" for solar power generation goods. Solar modules and aluminum stages of EHJ are provided with

10-year safety insurance. (including: damage and theft insurance)

Solar Power Maintenance

We offer our Maintenance Service Contract to our customers. (Please don't hesitate to ask us to do maintain the property you bought from other company.)

Real Estate Business

The Real Estate Division conducts sales and lease management and brokerage of investment real estate such as solar power plant land.

Reinforcement Works

We Improve construction skill and we will thoroughly focus on 6S, Seiri (organization), Seiton(organization), Seisou(cleaning), Seiketsu(cleanliness), Shitsuke (discipline) and Syukan(habit).

Solar Power Plant Construction Business

EGC is an EPC business that can consistently perform from design to procurement to construction. Because we do not consign it to others, construction costs can be kept low.

In addition, troubles of PV system occur frequently due to insufficient cooperation among other suppliers. In that respect, all our processes are consistent so that we have confidence in reliable construction.

Global Vision

Fujisan Solar & Wind Energy Corporation

We established a joint venture corporation "FUJISAN SOLAR & WIND CORPORATION" with We Are IT Co., Ltd in the Philippines in September 2015. Hereafter, we sale goods for solar power generation plant like solar modules, stages, convertors and so on in the Philippines. We will

do natural renewable energy business aiming to spread of electricity supply infrastructure and contribute to the activation of life and economic condition in the regions.
